community to ensure that fees are well understood and set up correctly in the system. Externally, the Manager communicates with parents, sponsors, service providers and auditors.

- **Level of Responsibility:** The Manager, Student Financial Services is responsible for accurate and timely tuition revenue recording and reporting for the institution while meeting the service needs of the internal and external client groups. This position provides leadership and support to the organization through the timely and accurate recording and reporting of university tuition revenue. This position is a member of the management group within Finance and represents and speaks on behalf of Finance on various tuition-related matters.

- **Decision-Making Authority:** The incumbent is responsible for decisions within the Student Financial Services group within Finance, including hiring decisions and performance evaluations, and must exercise judgment in determining when issues need to be elevated to the Controller. The individual must be self-directed and able to work independently. In collaboration with other members of the Finance management team and the university community, this position has the authority to suggest and implement changes to financial and business activities, within his/her areas of responsibilities, based on best practices and to ensure compliance with university policies, procedures or legislation.

- **Physical and Sensory Demands:** Minimal physical demands typical of a position operating within a fast-paced, high volume office environment. Individual must be able to manage concurrent assignments and prioritize workload in order to meet deadlines.

- **Working Environment:** Minimal exposure to disagreeable working conditions typical of a leadership position exposed to stress and pressure associated with senior level responsibilities. Individual must be able to manage concurrent assignments and prioritize workload in order to meet deadlines. There may be periods of irregular/high volumes, e.g. registration and year-end. The university operates in a decentralized environment in terms of decision making and a centralized environment in terms of establishing standards, policies, procedures and financial systems. Consequently, the accounting and technical skills across university units of those dealing with financial matters vary significantly. Due to the nature and complexities of the university business activities, disagreements and contentious issues and situation may arise from time to time due to differing interpretations of policies and procedures.
