Job Description

Job Title: Pension Analyst
Department: Human Resources
Reports To: Manager, Pension Services
Jobs Reporting: None
Salary Grade: USG 7
Effective Date: April 2019

Primary Purpose
Maintain pension database, ensure data integrity and accuracy within the pension system, support the information and computer systems of the pension team to ensure accurate and efficient self-service and administrative applications, perform annual administration activities and provide assistance in the day-to-day administration, participate in special projects to facilitate improved business practices, and assist with preparing and presenting pension information sessions.

Key Accountabilities

Ensuring accuracy and currency of member records in pension system database
- Perform monthly import of data from HR system to Pension system on timely basis
- Review validation reports, define and request custom HRMS reports, create and run custom pension system reports, and request/run HRMS queries, to analyze data for inconsistencies and identify problems/issues
- Correct errors, including reaching out to plan members, other stakeholders and colleagues to resolve issues, and also address, and when possible, resolve the root cause of problems/issues
- Monitor/manage administrative scenarios, including audit of HRMS records and coding, and request corrections as required (examples: internal status, opt outs, multiple employment periods, ITA limit for leaves of absence/periods of reduced pay, contribution reconciliations)

Support monitoring the configuration of the pension system to ensure alignment with plan provisions
- Assist with identifying system inaccuracies/concerns and liaise with vendor to articulate issues and ensure vendor’s understanding; co-ordinate timely and accurate resolution including user acceptance testing of any resulting system changes prior to implementation in production
- In conjunction with Pension Manager responsible for maintenance, testing and implementing existing and new functionality within the self-service and administrative applications

Co-ordinate annual administration activities
- Perform year-end data clean-up
- Calculate and prepare Pension Adjustments for T4 purposes
- Perform year-end calculation and prepare annual pension statements for active, retired and deferred members
- Prepare annual filing requirements
Job Description

- Prepare valuation data files and reports to send to Actuary
- Assist in pension fund audit by preparing reports from Custodian’s online report generator and responding to auditor’s queries to provide clarification as necessary
