Job Title: Administrative Assistant
Department: The Water Institute
Reports To: Managing Director, The Water Institute
Jobs Reporting: None
Salary Grade: USG 7
Effective Date: May 2020

Primary Purpose
The Water Institute Administrative Assistant (AA) reports to the Water Institute (WI) Managing Director. The AA supports the WI Executive Director, Managing Director, other WI staff, and the Collaborative Water Program Director/Instructors with office administration and operations, financial management, events management, Collaborative Water Program administration, and general internal and external communications. The AA plays a key role within the Water Institute structure and is often the first point of contact for external stakeholders, for internal partners, and for Institute visitors. The AA needs to work closely with, and maintain strong relationships, with many academic units, and with various central campus partners.

Key Accountabilities

**Administrative Support**
- Manage the day-to-day WI office operations, including keys, equipment, and supplies.
- Support the WI Executive Director and Managing Director in planning and executing various Institute administrative or operational activities.
- Supports the WI ED with travel arrangements and with submitting expense claims.
- Prepare shipping documents and packages.
- Address inquiries from various internal parties, including faculty, students, and staff.
- Address inquiries from various external parties, including government, industry, or community members.
- Support WI Communications Officers in producing or reviewing various WI digital and print materials.
- Participates in, and contributes to, WI team meetings and various WI committee meetings.
- Prepares meeting minutes for WI committee meetings.
- Serves as a resource within the Institute for the interpretation of, and ensuring conformance with, relevant University policies, procedures, and guidelines.
- Other duties as assigned.

**Financial Management**
- Monitors and reports on WI operating, research, and trust fund accounts and ensures compliance with university policies, procedures and those of external granting agencies.
- Supports the WI MD in reconciling actual versus budgeted expenses on a regular basis, including P-card transactions.
- Advise casual employees, students, and others on proper expense and payroll procedures.
- Prepares and processes various expense claims in accordance with University and granting agency policies, procedures and requirements.
Job Description

- Prepares and processes payroll forms for casual and part-time employees, and for visiting scholars, in accordance with University agency policies, procedures and requirements.
- Liaises with claimants, Finance, Research, Human Resources and other academic or central units in reconciling payroll or expense claims related to operating, research or trust fund accounts.
- Remains current on relevant University and granting agency financial policies, procedures and requirements, and attends training as appropriate.

Events Management
- Schedules meetings, books rooms and equipment, and organizes catering for various WI committees, activities, and events.
- Manages logistics (eg, travel, accommodation) and campus itineraries for WI visitors, including lecturers, fellows, students, and visiting delegations.
- Organizes travel and logistics for out-of-country WI research missions.
- Participates on World Water Day and other event organizing committees.

Collaborative Water Program Support
- Working with participating academic departments and central units, compiles and maintains centralized Collaborative Water Program (CWP) enrollment data.
- Tracks completion of various CWP milestones, and communicates completion to relevant academic units.
- Allocates centralized course codes to CWP students.
- Supports CWP course instructors with scheduling and room logistics, field trip arrangements, and with expense claims.
- In conjunction with the CWP Director and WI MD, addresses various questions arising from CWP students.

*All employees of the University are expected to follow University and departmental health and safety policy, procedures and work practices at all times. Employees are also responsible for the completion of all health and safety training, as assigned. Employees with staff supervision and/or management responsibilities will ensure that assigned staff abide by the above, and actively identify, assess and correct health and safety hazards, as required.

Required Qualifications

Education
- Bachelor’s degree in a relevant discipline, or equivalent education and experience.

Experience
- Minimum 5 years’ experience with progressively greater responsibility in financial-related activities.
- Previous experience managing complex budgets and processing expense claims.
- Experience working independently and as part of a team, and in managing workload and setting priorities.
- Knowledge of the university’s financial systems, policies and procedures preferred.
- Experience with event co-ordination and project management preferred.
- Experience in academic, not-for-profit or a research environment is an asset.
- Knowledge of research granting and reporting is an asset.
- Experience in the environment or water sector is an asset.

Knowledge/Skills/Abilities
- Strong organizational skills coupled with the ability to handle multiple tasks, meet deadlines, and excel in a fast-paced environment characterized by changing priorities.
- Demonstrated high degree of aptitude for critical thinking coupled with strong analytical and problem-solving skills.
Job Description

- Demonstrated superior interpersonal skills and the ability to work collaboratively, build consensus, maintain confidentiality, exhibit sensitivity to the needs and interests of a variety of stakeholders, and support the functioning of a diverse project team.
- Demonstrated ability to exhibit good judgment and be tactful and diplomatic in order to liaise effectively with partner groups.
- Proven ability to exercise independent judgment in areas of time management, task prioritization, and decision-making and the ability to handle sensitive and confidential information.
- Excellent written and oral communication skills.
- Demonstrated ability to thrive in and contribute to an integrated and collaborative team environment and to apply a positive team approach to working with colleagues.
- Proficiency with Microsoft Office suite.
- Working knowledge of research granting agencies and their programs is preferred.
- Proficiency with a financial system, Unit4, Concur preferred.

Nature and Scope

- **Contacts:** The Water Institute is a university level research institute with over 150 faculty members and 300 graduate students as members. The Institute also has an extensive array of external stakeholders from public, private, and civil society sectors. INTERNAL: WI Executive Director, WI Managing Director, CWP Director and Instructors, WI staff, WI faculty members, WI student members, CWP students, WI Senior Management Committee, WI Strategic Planning Committee, Department/School academic and financial staff, central units (Finance, Research, Food Services, Information Systems). EXTERNAL: WI External Advisory Board, external stakeholders and partners, funding agencies, other universities and colleges, travel agencies, event partners, and service providers.
- **Level of Responsibility:** The AA position has specialized work with minimal supervision. The AA will be a self-starter and able to work independently, or collaboratively with colleagues, to execute various tasks and to achieve goals. The AA executes financial transactions and ensures university policies, procedures, and guidelines are followed.
- **Decision-Making Authority:** The AA position requires the ability to make independent decisions regarding, but not limited to: answering queries from internal and external contacts, interpreting problems or concerns from academic departments/schools or students for subsequent action, arranging WI events, visitor itineraries or researcher missions, preparing draft WI committee meeting notes, and interpreting university and granting agency reporting policies and requirements.
- **Physical and Sensory Demands:** Minimal demands typical of a position operating within an office environment.
- **Working Environment:** Minimal exposure to disagreeable conditions typical of a position operating within an office environment. Frequent interruptions and distractions may be present due to the front office entryway location. Some evening/weekend work and occasional travel may be required for special events.
